

Akuvox SmartPlus App allows tenants to see and talk to visitors, open doors, monitor building entrances and issue virtual keys from their smartphones.

- **Remote Call Answering & Door Unlocking**

Akuvox Smartplus supports remote answering of intercom calls on your smartphone from wherever you are. You can see and talk to visitors and remotely unlock the door with the touch of a button

- **Remote Intercom Monitoring from Smartphone**

Smartplus supports remote video monitoring if the installed device features an integrated camera. For devices without camera the audio sounds outside the door can be monitored.

- **Generate PIN or QR code for temporary Access**

For intercom models featuring a keypad or QR scanner the Smartplus App can generate unique PIN or QR code which can be sent to visitors. These codes can be customized to work only once or for a limited time.

- **Contactless Door Entry from your Smartphone**

The Smartplus App also supports contactless entry via Bluetooth and NFC for compatible intercom models ensuring safety of users in busy environments.

SmartPlus App

The SmartPlus App allows residents to see and talk to visitors, open doors, monitor building entrances and issue virtual keys from their smartphones, which offers an elevated building entry experience.

Preview

See who is at the entrance before answering the call
